Children's Speech and Language Therapy in
Scarborough, Filey, Whitby and Ryedale.

Preparing for Transition Summer Holiday Communication Groups

- ❖ Does your Year 6 child have difficulty with speech, language and communication?
- ❖ Do you want support to prepare them for secondary school in September

We are running a week - long group at Overdale Community Hub, Eastfield, Scarborough to support children with speech and language skills moving to Secondary School. The groups are planned and delivered by speech and language therapists.

Moving to Secondary School (for children in Y6 who have speech, language and communication difficulties)

This group will help your child learn the new vocabulary and routines needed at secondary school. They will practise understanding complex information independently and what to do if they don't understand. We will also be meeting and making new friends.

The group will run for 1 week Mon-Fri during August for 2 hours a day (1.30-3.30pm) and will finish with a pizza party on the last day! The cost will be £40 per session or £160 to book a place for the full week. The group will be limited to 10 places.
